"The world will soon come to India to learn" - Union Education Minister Shri Ramesh Pokhriyal 'Nishank'. Speaking at several virtual academic programmes at Higher Education Institutions such as IITs, NITs and Universities, Shri Ramesh Pokhriyal reiterated that the digital platforms developed under various educational initiatives of the government since 2014 would help strengthen the country's higher education system in sync with international practices. *"Many countries achieved greatness imparting Education in Mother Tongue"* said Shri Pokhriyal after e-inauguration of the new building of Kendriya Hindi Sansthan, citing the examples of Japan, Germany, France and other countries which impart education in their mother tongue.

MoU with MoE

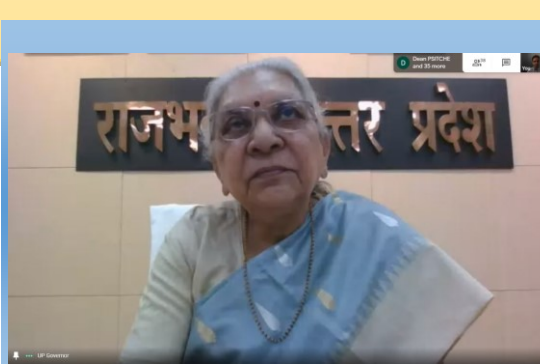

A Memorandum of Understanding (MoU) was signed on 23rd October between the Ministry of Education and MGNCRE to align the activities of MGNCRE to the educational agenda of the Ministry; and make the action plan of MGNCRE outcome oriented.

MoUs were also signed for exploring, extending and strengthening mutual relationship for promotion of professional education in **Rural Management** by sharing the facilities and expertise - Mangalam College of Engineering, Kerala; Gujarat Technological University, Gujarat; Adikavi Nannaya University, Andhra Pradesh; Kalinga College of Commerce, Odisha; Dr. B R Ambedkar University, Andhra Pradesh; and Indira Gandhi Jayanthi Arts & Science College, Tamil Nadu

Smt. Anandiben Patel, Hon'ble Governor of Uttar Pradesh delivered the inaugural address in the one-day online Workshop on Rural Entrepreneurship organized by CSJM University and co-organized by MGNCRE on 29th October.

Gearing up for a National Record! Prof. Amarika Singh, Honorable Vice Chancellor, Mohanlal Sukhadiya University Udaipur Rajasthan announced organizing of **101 webinars** on a single day on **7th November** through MLSU and affiliated colleges in four districts of Rajasthan - Udaipur, Chittaurgarh, Rajasmand and Sirohi. This is unprecedented and would set a National Record!

Editor's Note

The culmination of 150th Birth Anniversary of Gandhiji made the month of October all the more significant and memorable. We are happy to note that Higher Education Institutional initiatives for development have been highly progressive and motivating and we appreciate the key roles played by the HEIs in this endeavour. At the behest of the Ministry of Education, MGNCRE has taken on the onus of strengthening the process of teaching and learning with institutional systems and processes. Also, as per NEP 2020 guidelines, there is a need of faculty who can adapt to the rapidly evolving learning environment.

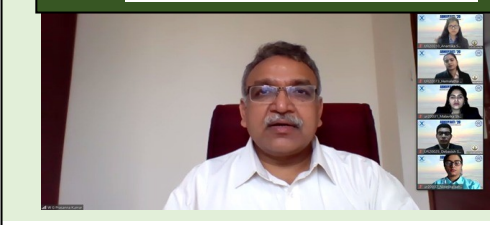

A Cell promoting Entrepreneurship is essential as is a Placement Cell. In this regard, we have been conducting online workshops on Rural Entrepreneurship Development Cell (REDC)/FPO/FPC-Business Schools Connect Cell (FBSC) for Colleges of Management and Business Schools.

Our One day Online Institutional Workshops on "Vocational Education-Nai Talim-Experiential Learning (VENTEL) Action Plan' have created the required impetus for the need for Vocational Education as a means of Productive work with Economic value and its integration with the 4 methodologies of Science, Mathematics, Social Studies and Language. These workshops have been the ground for preparing Action Plans for activities in the four identified areas of VENTEL Action

Plan - Vocational Education, Self-Reliance, Swachhta & Health and Community/Field Engagement.

Social Entrepreneurship, Swachhta and Rural Engagement Cell Action Plan Cells (SESREC) workshops focused on developing social enterprise business plan using the activities of Swachhta and community engagement. Social entrepreneurship also differs from the broader concept of corporate social responsibility (CSR), which aims to assist businesses in fulfilling economic and social responsibilities. Social entrepreneurship education strategically focuses on bringing about social change and is a collective and organized movement of change making which works towards developing and scaling sustainable solutions to social challenges.

Chairman MGNCRE Dr. W G Prasanna Kumar speaking on "Redefining Development Post-Pandemic: Learning and Unlearning".

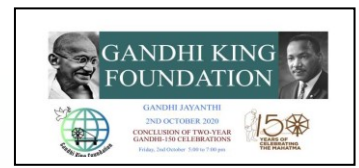

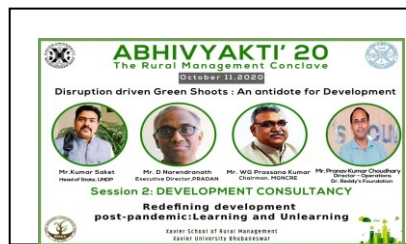

It was an insightful experience to participate in Xavier School of Rural Management's (XSRM) flagship industry interface program **Abhivyakti 2020** where there was an interaction with industry experts about the various challenges of rural India. Gandhi King Foundation organized Gandhi 150 - Nobel Peace Session on the occasion of Gandhi Jayanthi on 2nd October 2020 virtually as a conclusion of 2-year Gandhi 150 Celebrations. The program was organized in collaboration with Permanent Secretariat of the World Summit of Nobel Peace Laureates. It was truly inspirational and invigorating.

**Dr. W G Prasanna Kumar
Chairman MGNCRE**

MGNCRE is working towards connecting FPOs with Management institutions, so that management institutions can extend professional support. Also, MGNCRE is looking at students of Management Institutions getting into Internship with FPOs followed by Apprenticeship and then gaining entry into Rural Entrepreneurship thereby helping the FPOs.

Gandhiji's thoughts on village self-reliance or **Atmanirbhar Bharat** focus on village economic activities. The methodology helps in promoting entrepreneurship opportunities in manufacturing and marketing rural products and rural services and exploring models of art, craft for entrepreneurship and for self-reliance. The purpose of management education is well realized through entrepreneurial learning. The guiding principle of Entrepreneurship is "Education and work cannot be separated and without work, research, contribution, creative and critical thinking skills, we cannot create new knowledge."

**Dr. Bharat Pathak
Vice Chairman MGNCRE**

Gandhi King Foundation organized **Gandhi 150 - Nobel Peace Session** on the occasion of Gandhi Jayanthi on 2nd October 2020 virtually as a conclusion of 2-year Gandhi 150 Celebrations. The program was organized in collaboration with Permanent Secretariat of the World Summit of Nobel Peace Laureates. Dr. Ira Helfand (from ICAN & IPPNW, which won Nobel Peace Prize in 2017 and 1985) and Ekaterina Zagladina (President, Perm Sec of WSNPL) spoke to the audience. A host of other eminent and distinguished academicians and Gandhians participated in the online meeting and shared their thoughts. Speaking at the session, Chairman MGNCRE said "At MGNCRE, we have been promoting Gandhiji's methodology of Nai Talim and Experiential Learning and Vocational Education in 3000 institutions across the country. It would mean that all these institutions would promote Vocational Education in the lines of Nai Talim with Head, Heart and Hand working together which is a non-violence method and directly involved in physical work which has a productive value.

We are also establishing Rural Entrepreneurship Development Cells as a tribute to Mahatma Gandhi. We are looking at 2000 institutions which are business schools in the country initiating Rural Entrepreneurship Development Cells which would be working on creating that entrepreneurship opportunity across the rural sector in the country, where lakhs of students who come out of these business schools can get in to and contribute to rural economy. Third area, which we are working on establishing, is Social Entrepreneurship, Swachhta and Rural Engagement Cells. We are working on educational institutions across the country from the nooks and corners to the central areas so that students or academic community get engaged in the rural reconstruction, rural entrepreneurship and experiential learning methodologies. We are focusing on people not being unemployed but people who would be entrepreneurship oriented, people who are interested in self generating and also contributing to a world which has peace and non-violence as foundation with nature protection as the base."

Vocational Education-Nai Talim-Experiential Learning (VENTEL) Workshops

One day Online Institutional Workshops on “Vocational Education-Nai Talim-Experiential Learning (VENTEL) discuss MGNCRE’s interventions in HEIs; VENTEL Action Plans; Vocational Education as a Teaching Methodology; and VENTEL National Contest Participation Details. The participant students-

teachers from colleges are oriented to spread awareness about the VENTEL Action Plan Cell in their institution; become aware of the 4 VENTEL Areas that they need to undertake activities for; become aware of the stages and the submission guidelines of the VENTEL Action Plan National Competition for Student Teachers; understand

and appreciate the value of integrating VENTEL activities to their curriculum and to the school curriculum; share innovative activities that they would undertake related to vocational education, self-reliance, Swachhta/health and community engagement; and become aware of a few best practices in VENTEL.

Glimpses of the Workshops

Mohanlal Sukhadiya University Udaipur Rajasthan - 2nd October

Prof Amarika Singh, Hon'ble Vice Chancellor, MLSU, Udaipur, said, "Shiksha Jeevan ke Liye, Jeevan Dwara aur Jeevan Se honi chahiye" (Education should be for life, through life and from life) and such education will be provided through VENTEL

Mohanlal Sukhadiya University Udaipur celebrated Gandhi Jayanti on 2nd October by organizing an online VENTEL Workshop with focus on “Reminiscence of Gandhiji in National Education Policy 2020”. The main objective of this workshop was to evoke a sense of responsibility among teacher educators to realize Gandhiji’s vision of education (Vocational Education -Nai Talim - Experiential Learning) that has been echoed in the National Education Policy 2020. Over a hundred participants (principals and Faculty) from affiliated colleges attended the programme and expressed that the workshop was insightful and more such sessions should be organised.

"Government jobs and corporate jobs are limited and the way out is building self reliance through employability and entrepreneurial skills in students of colleges of education also", said Prof Ashok Mittal, Hon'ble VC of Dr B R Ambedkar University Agra during his inaugural address . He appreciated MGNCRE's effort in introducing this multidisciplinary aspect of the National Education Policy 2020 through its VENTEL Action Plan Cells and related programmes for faculty and students.
