Launch of Manuals - Jal Shakti Campus and Jal Shakti Gram and Swachh Campus

Honourable Governor of Tamil Nadu Sri Banwarilal Purohit inaugurated Seminar on “Gandhiji’s Life and Thoughts” and launched the MGNCRE Manuals - Jal Shakti Campus and Jal Shakti Gram and Swachh Campus on 27th September as part of Mahatma Gandhi’s 150th Birth Anniversary celebrations.

Release of Jal Shakti Campus and Jal Shakti Gram and Swachh Campus Manuals by Honourable Governor of Karnataka Shri Vajubhai Vala at Raj Bhavan Bangalore on 30th September

MGNCRE Team is visiting schools and B.Ed Colleges across all states and union territories of the country as part of our Outreach and Connect with Experiential Learning. Responding to our request, educational institutions across India have conducted National Nai Talim Week – a campaign of work based learning - in the context of Gandhiji’s 150th Birth Anniversary Celebrations. The campaign would culminate or could be initiated with celebration of 2nd October as National Nai Talim Day in all Schools and Higher Education Institutions in the country.

A total of 22 Management Interns who are post graduates drawn from M.Ed, MBA and M.Tech backgrounds have been recruited by MGNCRE. I am extremely grateful to Dr. D K Lal Das who has trained us in critical research methodologies. These interns have been given an extensive 10 day training in Research Methodologies covering aspects of Formulation of Research Problems, Research Design, Hypothesis Formulation, Sampling, Design of Scaling/Statistical Techniques, Data Collection & Analysis, Interpretation and Report Writing with components of Action Research and Minor/Small Research. I am also extremely thankful to Dr. Saswata Biswas, Professor IRMA, who took time out from his busy schedule to train and orient us in Case Writing

techniques.

We have chosen to launch Manuals on Jal Shakti Campus and Jal Shakti Gram and Swachh Campus on 2nd October in the context of Mahatma Gandhi’s 150th Birth Anniversary. This launch is a stepping stone for promoting participation of Higher Education Institutions in sanitation, hygiene and water conservation which are national prime requisites for development. I profusely thank Honourable Governor of Tamil Nadu Sri Banwarilal Purohit and Honourable Governor of Karnataka Sri Vajubhai Vala for the launch of the manuals on 27th and 30th September respectively. I eagerly await the launch of the manuals in the other States and UTs on 2nd October that will add the much needed impetus to the Swachhta movement in the Higher Education Institutions across the country. The manuals have also been directed by the Ministry to be put into usage by Higher Education Institutions including Universities, Colleges and Polytechnics in developing strategies, action plans and implementation plans for water conservation on the campuses and in the villages with which the campuses are engaged with in National Service Scheme (NSS), Swachhta Action Plan (SAP) and Unnat Bharat Abhiyan (UBA). MGNCRE has also initiated workshops and Faculty Development Programmes as part

EDITOR'S NOTE

of Swachhta Action Plan (SAP). The Council will work with about 100 Swachhta ranked Higher Education Institutions and conduct visits to two villages per institution. The work output of the institutions will be documented in the form of case studies and video case studies which will help in understanding the cross section of the villages in relation to socio-economic aspects of the villages.

I am proud to announce that another feather in MGNCRE's cap

It gives me great sense of accomplishment that MGNCRE's Manuals - Jal Shakti Campus and Jal Shakti Gram and Swachh Campus - have been slated for release on 2nd October on the occasion of Mahatma Gandhi's 150th Birth Anniversary. This will be a milestone achievement as about 45,000 Higher Education Institutions will be using these manuals as per the directive of the Ministry. That Jal Shakti Manual has been used for assessing the water smartness of Raj Bhavan Hyderabad Telangana as per request of Raj Bhavan Telangana is indeed an

achievement and vouches for the practical implementation of these manuals. Nai Talim activities are in progress while release of the Manuals across the country along with Swachhta Action Plan activities including village visits are activities lined up for MGNCRE for the next month and after. I eagerly look forward to the launch of the manuals.
